

First information letter

Dear Colleagues!

*We are inviting you to take a part
in the International Optical Seminar (OS-2018) in St. Petersburg, Russia
April, 25-27, 2018*

Information about the Seminar is here: http://aco.ifmo.ru/opt_seminar/en, E-mail: os.ifmo@gmail.com

Goals of the Seminar - professional networking, ideas sharing, and continuing education in the optical system design.

Auditorium – scientists, engineers and students.

Working language – English and Russian.

Place of the Seminar – ITMO University, St. Petersburg, Russia.

Seminar Topics

- Optical system design;
- Optical software tools;
- Optical testing and measurements;
- Image processing;
- Computational optics.

Seminar Program

- Master classes in optical system design using optical design software;
- Round tables devoted to the optical design issues;
- Session “Women in Photonics”;
- Poster session;
- Manufacturing visits.

We are glad to meet you at the Seminar!
